New & Used Machine Listing

Miscellaneous Machines and Accessories

Blount 1/2HP, 12.5x40" Center Wood Lathe (G-1-013)(w)

1/2 HP 220 Volt 3 Phase Motor, Cleaned, Checked, powered up. Appears to be a complete unit. Early, solid built heavy model made from almost all cast iron. Just came out of a private individual's extensive shop.

\$1,000

Chisel Pointer - Manual C1271M by Keystone Machine **NEW**

The chisel pointer, rather than having a point that resembles a pencil point, the chisel pointer makes points that resembles a "V" or a two sided stake. 10 HP, 230-460 volt TEFC motor, Hyd. over air variable speed feed system, anti-kickback gate. 2PC. 15 DE-GREE, CARBIDE Indexible Tip Cutters. There are many options available.

\$9,281

CopeCrafter CopeCrafter **NEW**

The Copecrafter comes equipped with two clamping cylinders for superior holding. TWO methods of guiding the Copecrafter in a longitudinal plane across the shaper table: #1 A straight, Plexiglas template to guide on the vertical wood shaper fence or rub collar. #2 A 3/4" wide steel bar that attaches to the base of the Copecrafter with two allen cap screws to guide in the miter slot on the saper table top. Actually converts an ordinary shaper into a sliding table shaper, with the addition of the Copecrafter. Use to cut rails for rapid production.

\$800
